## INTEREST OF AMICUS CURIAE<sup>1</sup>

The Foundation for Individual Rights in Education (“FIRE”) is a nonpartisan, nonprofit organization dedicated to promoting and protecting civil liberties at institutions of higher education. The students FIRE defends rely on access to federal courts to secure meaningful and lasting legal remedies to the irreparable harm of censorship – remedies to which the availability of nominal damages are critical.

<sup>1</sup> Pursuant to Rule 29(c)(5) of the Federal Rules of Appellate Procedure, counsel for *amicus* states that no counsel for a party authored this brief in whole or in part and no person, other than *amicus*, its members, or its counsel made a monetary contribution to the preparation or submission of this brief. Pursuant to Rule 29(a), all parties have consented to the filing of this brief.

## STATEMENT OF THE ISSUES

In light of the importance of nominal damages claims for litigants seeking to remedy civil liberties violations, should this Court's decision in *Flanigan's Enters., Inc. v. City of Sandy Springs*, 868 F.3d 1248 (11th Cir. 2017) remain controlling?

## SUMMARY OF ARGUMENT

This Court's holding in *Flanigan's Enters., Inc. v. City of Sandy Springs*, 868 F.3d 1248 (11th Cir. 2017) fails to account for the fact that nominal damages

## ARGUMENT

### **I. Without Nominal Damages, Students Will Have Great Difficulty Vindicating Their Constitutional Rights in Court.**

#### **A. Nominal Damage Claims Are Necessary to Remedy Intangible Harm to Students Caused by First Amendment Violations.**

Nominal damages are essential in constitutional litigation, where “proof of actual injury” is often lacking. *Carey v. Phipus*, 435 U.S. 247, 266 (1978). The Supreme Court has awarded nominal damages without accompanying compensatory or equitable relief, *see Memphis Cmty. Sch. Dist. v. Stachura*, 477 U.S. 299, 308 n.11 (1986), and numerous circuit courts have done the same.<sup>2</sup> Under the majority’s conclusion in *Flanigan’s*, by contrast, “as long as the government repeals the unconstitutional law, the violation will be left unaddressed; the government gets one free pass at violating your constitutional rights.” 868 F.3d at 1275 (Wilson, J. dissenting)

---

<sup>2</sup> *See Flanigan’s Enters. v. City of Sandy Springs*, 868 F.3d 1248, 1265 n.17 (11th Cir. 2017).

**B. Nominal Damage Claims Are Often the Only Means to Vindicate Students' First Amendment Rights.**

***a. Graduation frequently moots equitable claims.***

Most students graduate in two to four years, with the most outspoken and politically active students often being juniors or seniors.<sup>3</sup> Meanwhile, the *median* time for a federal district court to complete a trial in 2015 was 25.2 months.<sup>4</sup> As a result, graduation often moots equitable claims before appeals are exhausted—as has happened to student prayer leaders,<sup>5</sup> student prayer opponents,<sup>6</sup> and student journalists,<sup>7</sup> among others.

<sup>5</sup> *E.g.*, *Corder v. Lewis Palmer Sch. Dist. No. 38*, 566 F.3d 1219, 1225 (10th Cir. 2009) (student forced to apologize for religious valedictory speech lacked standing to maintain equitable claims); *Cole v. Oroville Union High Sch.*, 228 F.3d 1092, 1098–99 (9th Cir. 2000) (finding First Amendm

is raised with regard to past speech — where students could not show they intended to engage in particular speech that would violate the policy. *See Lopez*, 630 F.3d at 791–92 (plaintiff lacked standing to challenge policy that could be employed to punish “offensive” speech); *Abbott v. Pastides*, 263 F. Supp. 3d 565, 579-80 (D.S.C. 2017) (plaintiffs lacked standing to challenge policy that prohibited “insulting” or “inappropriate” speech).

Consequently, facially unconstitutional speech codes often persist until actually used to punish students willing to challenge them — while chilling the rights of everyone who self-censors to comply with their plain language.

**B. Universities Often Revise Policies Only to Reinstate Them Later.**

A university's revising a policy does not guarantee that the university will not reinstate it later, or restrict the same type of expression by other means. The only real safeguard against continued censorship is judicial precedent delineating

In 2003, students at Shippensburg University of Pennsylvania alleged that several of the university's speech codes violated their First Amendment rights. *Bair v. Shippensburg Univ.*, 280 F. Supp. 2d 357 (M.D. Pa. 2003). After a district court issued a preliminary injunction against Shippensburg, the university settled the suit, agreeing to repeal the challenged policies.<sup>11</sup>

But the university did not comply with the settlement. According to a second lawsuit, administrators "reenacted the stricken policy *verbatim* in the Code of Conduct." Complaint at ¶ 28, *Christian Fellowship of Shippensburg Univ. of Pa. v. Ruud*, No. 4:08-cv-00898 (M.D. Pa. filed May 7, 2008). In October 2008, Shippensburg settled this second lawsuit as well and again revised its speech codes.<sup>12</sup>

Other times, FIRE has persuaded university administrators to revise problematic policies, only to have other administrators reinstate those policies, or

equally problematic policies, at a later date. In 2012, for example, the University of Mississippi revised a policy that had confined unplanned student demonstrations to designated “Speaker’s Corners.” The university replaced it with a policy allowing students to engage in spontaneous expression anywhere on campus so long as they did not violate other university policies in the process.<sup>13</sup>

Recently, however, the university amended that policy to again prohibit spontaneous student demonstrations, requiring student organizations to “contact the Dean of Students in advance of the activity” and complete an event registration form.<sup>14</sup>

**C. Without Clear Precedent Declaring Speech Codes Unconstitutional, Students Will Continue to Face Widespread Censorship.**

Despite decades of legal precedent finding campus speech codes unconstitutional,<sup>15</sup> censorship of student expression persists. If a university may

avoid legal consequences simply by revising a policy that has been challenged, protecting students' speech rights becomes a never-ending game of whack-a-mole: A student may succeed in beating back a policy, only to have that policy—or one just like it—pop back up again. But unlike the whack-a-mole player standing at the ready with a rubber mallet, students graduate and move on, making it exceedingly difficult to know whether a university has kept its promise to revise a policy until another student or student group is censored. Only a judicial determination that a policy violates students' First Amendment rights can truly secure those rights going forward.

## CONCLUSION

To ensure that students are able to vindicate their constitutional rights, the revision of an unconstitutional policy or regulation should not moot a claim for nominal damages.
